*Deezigns did an amazing job on the website for A Brighter Day Ministries. The time and attention put into the design of each page brought the vision of what our organization represents to life. Mrs. White had a clear understanding of what needed to be captured and how vibrant the logo needed to be especially with the focus being Youth. The service was reasonably priced and the support through and beyond the design has been superb. We are appreciative of her service that set the foundation as our organization blossoms and receives more exposure. Thank you Suni White! – A Brighter Day Ministries, Beverly Davis*
